DISTRICT ISSUES

LIABILITY INSURANCE

Most conservation districts in the state are using Payne West under the Montana Association of Counties (MACo) for liability insurance. In the past two years many districts have seen substantial increases in premiums. Several districts have searched for more economical policies but have not found good options.

HEALTH CARE INSURANCE

Many districts throughout the state would like to offer health insurance as an employee benefit. Chairman Tenlee Atchison has been in communication with **Summit Health Care Insurance**. This company appears to offer very reasonably priced plans. A committee was appointed to investigate this insurance issue:

- Tenlee Atchison
- Lorrie Grosfield
- Mike Bjarko
- Teresa Wilhelms

COORDINATION

The *Aquatic Invasive Species* issue is still and eminent threat to water bodies in Montana. Conservation Districts throughout the state are working to varying degrees on this issue. The districts are encouraged to work on the following:

- Early detection of invasive species
- Good coordination between districts and agencies
- Make sure phone trees and networks are in place

OFFICER TRAINING

The Vice Chairman of MACDEO has attended leadership training sponsored by the National Association of Conservation Districts (NACD) in the past. MACDEO has funded the cost of travel for this event as it has always been held out of state. The group was undecided as to whether MACDEO should continue the training.

ENVIROTHON

Shonny Nordlund reported on Envirothon 2018 held in Lewistown. Helena High won the state competition. Shonny emphasized that she always needs help from administrators. 2019 Envirothon will be held April 29 & 30.

NEW BUSINESS

SWAT

(Statewide Administrator Training). This is a biennial training for conservation district administrators. Tenlee Atchison appointed a committee to plan this event and date:

Mary Hendrix, Vice Chairman – Committee chair
Katie Mumford, Gallatin
Tabitha Furnare, Glacier

2018 EO EVENT

“Night in the Old West” was the theme of the Employee Organization’s annual dinner and event. Area I was in charge of this event as well as the rest of the convention. They had already

arranged the help needed for set-up, so most administrators were free to attend the scheduled tours. Thanks to Area I for doing a terrific job on Convention 2018!

PARTNER REPORTS

MACD

Katie Arpin reminded all in attendance that she is able to provide technology assistance in areas such as websites, email, or anything else districts may need to enhance their operation.

Jim Simpson, MACD board member talked about the new executive director Dan McGowan's investigation into the possibility of merging the MACD and SWCDM organizations. Apparently, Dan has found that a 501c3 organization can lobby. This arrangement may provide financial savings to the entire MACD organization.

ADJOURNMENT

Meeting was adjourned at 4:10.
